

Cranial Adjustments and Alignment

Seaton's SOULution™

Experience many self-adjustment and alignment techniques that can massively improve one's brain function, bodily comfort, conscious experience, and facial structure.

- We will experience alignment and adjustment techniques to increase oxygen, blood, and nerve supply to the brain and body.

- A minor head and neck adjustment can make all the difference in the world

- Cerebrospinal fluid is pumped by properly functioning sutures in the skull 10-14 times a minute and is critical for nerve supply, organ/tissue function, and overall well being. Many individuals sutures are heavily calcified and will be able to function properly after several changes

We will be taking before and after pictures do demonstrate and celebrate the effectiveness of our works!!!

- I. The techniques we will experience are a uniquely self-developed system through combining many forms of acupressure, massage, cranial sacral therapies, and studies of anatomy.
 - II. Thoughts and feelings are generated by chemicals and bio electricity centered in the brain. Through the techniques, experiences, and adjustments I have taught myself and now will teach a fully harmonized brain and consciousness is possible, practical and likely.
 - III. Cranial adjustments and alignment class will include a VAST amount of information and hands-on experience. I have invested weeks in studying and optimizing my own physiology.
 - IV. Most humans have cultivated only fractions of our full brain power and activity. We will be tapping into our super-genius.
 - V. We will be balancing right/left brain and cultivating the science of Enthusiasm—understanding and embodying the physiology of the brain chemistry and frequency that creates enthusiasm!
- 90% of American Women currently have emotional trauma according to Trivedi Master Wellness™. I believe inharmonious emotions and thoughts can be entirely neutralized through proper cranial function and freedom. Shatter mental density through physiological self-attunement.

Seaton's SOULution™

1734 Skinner Road
Houston, TX 77093

Phone: 512-636-5002

Email: seatoncc@gmail.com

- ◆ WHERE: The Phamm 1734 Skinner Rd. Houston, TX 77093
- ◆ WHEN: September 20, 2012. 2:00pm- 6:00pm
- ◆ Bring a snack, water, and \$44 tuition.. Expect to be able to enjoy conversation with Seaton and classmates after course
